

Zemun, located picturesquely on the bank of the Danube River, has a reach history going back 7.000 years. Long an independent city, Zemun in recent times has been incorporated into Belgrade, the Serbian capital.

Despite this, Zemun retains a unique charm and many distinct features, especially in the worth architectural monuments, in the realms of culture and sport.

In adition, Zemun is a major center of the Serbian world of cartoon and caricature, the residence of many outstanding artists in this field. It is also the headquarters of the Zemun International Salon of Caricature, an institution which organizes many important events. The most important among them is international competition - the best in Serbia, and one of the most successful in the world.
